## Seventh Sense Consulting, LLC.

Seventh Sense Consulting (SSC) was established in 2012. SSC is a Virginia-based, Minority-Owned, SBA 8(a) Certified, VA CVE Certified Service-Disabled Veteran-Owned Small Business (SDVOSB). SSC supports Federal and Defense agencies in providing innovative solutions to everyday problems. We specialize in providing full acquisition lifecycle support, program management, systems engineering and technical assistance, logistics, management consulting, information technology and software solutions.

## The Truth Behind Our Name

SSC is a 100% Virtually Operated Company by design. We encourage a Family-First Management Style, personalized customer service practices and wide-ranging capabilities that exceed client expectations. Our unique approach ignites a trusted atmosphere for each of our members and inspires innovative outcomes. We've found success in this approach for over 9 years and because of it, we guarantee client satisfaction. The truth is, we think outside of the box and use our seventh sense to drive enlightened solutions.

## Joining Our Family Isn't Easy, But It's Worth It

At SSC, we approach every decision with our Family-First Management style in mind. This style of thinking implements rewarding member practices such as: professional development, unique annual performance reviews and remote work options. Our increased level of client satisfaction and innovation are a direct result of our ability to attract and retain top tier talent. We believe in treating everyone like family so we invest in our members by sustaining as we like to say: "A culture so good, you just can't fake it." Like any family, we take care of each other, so our benefits package are no different. We offer unique compensation packages, flex time, paid holidays, bonuses, and special perks like community service day and your birthday off.

## Clients

Contractor Performance Intelligence™ is a software application in Seventh Sense Consulting's Enlightened Solutions suite of products. Enlightened Solutions™ is an "out-of-the-box", configurable suite of products that allows acquisition professionals to efficiently plan, execute, and manage the workflow of procurement packages and contracts throughout the acquisition life-cycle. Our Enlightened Solutions suite provides intelligent support for the many PM/COR activities performed outside of contract writing systems and financial management systems.

Seventh Sense Consulting (SSC)'s Contractor Performance Intelligence™ (CPI) product provides process automation for 70% of the Contracting Officer Representative's (COR's) and Project Manager's (PM's) role in monitoring contractor performance from award to contract closeout. Contractor Performance Intelligence™ tracks deliverables, schedule, funding, invoicing, and performance to simplify post-award performance management. Your life is made easier with everything in one place and simplified with notifications, workflow, collaborative platform, educational videos, and templates.

## MANAGE CONTRACTS INTELLIGENTLY. ORGANIZED. SIMPLIFIED.

### PROBLEMS WE WANT TO SOLVE:

- Need for COR/PM tools
- High government workloads
- Minimal bandwidth for surveillance quality and monitoring performance, deliverables, and burn rates.
- No warning system for contracts in jeopardy of failing
- Lack of access for leadership to contractor performance data across the agency

### SOLUTIONS WE'VE CREATED:

- Facilitates post-award activities with routine process automation, tools, templates and educational videos
- Key Performance Indicator (KPI) notifications
- Improved quality, schedule and cost control
- Hub for contractor/vendor information
- Leadership dashboard with views across portfolio of contracts
